FOR IMMEDIATE RELEASE

Warning: Parking Ticket Scam

A security company has been issuing false parking citations to drivers in the Orange County area. Four vehicles in the City of Westminster have recently been issued parking citations which we believe to be fraudulent. We believe this to be possibly related to fraudulent parking enforcement recently discovered in Garden Grove. In Garden Grove, security guards who work for Management Security Services and City Parking Enforcement have been issuing out citations that look similar to those issued by a city parking officer or police officer. The tickets also include an envelope to pay the fine addressed to a citation processing center in Los Angeles.

Anyone with information or who is believed to be a victim is asked to contact the Westminster Police Department at (714) 548-3207.
